COVID-19 hiring plan for  
the hospitality industry

## JobsInME

JobsInME would like to express support to our business partners, customers and to the job seekers who frequent our site. While we all deal with this COVID-19 crisis, we know that we will come out of it together and stronger. We have designed a program to help many of the industries affected by social distancing and temporary closures due to the current crisis.

**Industries covered:** Food and Beverage, Hospitality/Hotels, Resorts, Camps, Tourism/Recreation, and Restaurants

These industries will need to ramp up and open fast to help us all return to normalcy. We *will* get back to our regular lives, and we *will* visit our local restaurants, hotels and seasonal attractions again — and we want to help you get ready for that day.
