

LIVE LOCAL. MEET LOCAL.

.....
Do you attend conferences held by your business or an association?

What about events focused on your favorite hobby? Meetings like these mean business for Maine, infusing money into our economy and supporting local jobs. That's why we're asking you to let us know about a gathering that can be held here in our home state and create a positive impact on our close-knit community.

.....

VISIT PORTLAND IS HERE TO HELP.

In addition to encouraging travelers to visit our local businesses and historic, cultural, and recreational sites, we also serve as a "one-stop-shop" for meeting and event planners and sports organizers.

As a balanced resource, we can serve as a broker and an official point of contact, streamlining and simplifying the planning process. The best part? Our assistance is free!
